Mon, Aug 9: BOE Meeting (7pm)

Thu, Aug 12: Last day of SpEd ESY

Thu, Aug 12: Last day of summer food distribution

#### Return to School Procedures:

Pending any further guidance changes from the Governor, Department of Health, or Department of Education, we expect to open schools this September under these guidelines:

- School will be full day, full time, in-person instruction.
- There will be no parental virtual choice option. All students will have to be present in school.
- Masking will be optional, but highly recommended for those not vaccinated.
- The wearing of face masks on school buses will continue regardless of vaccination status, unless waived due to excessive heat.
- School districts must be able to switch to full or partial virtual learning when individuals, groups, classes, or the school need virtual instruction due to a COVID outbreak requiring isolation/quarantine of students and staff.
- 3ft social distancing is encouraged. The requirement for 6ft distance to remove a mask to eat has been lifted. In-school breakfast, snack breaks and lunch will return in 2021-2022.
- We anticipate running the YMCA before/after care programs so long as there is sufficient interest from parents.
